

FAQ – “Leave Home Safely”

- Do I have to pay for the skill “Leave Home Safely”?

No. In the interest of those affected, this skill is offered free of charge.

- Where can I get this skill?

“Leave Home Safely” can be downloaded in the Amazon Web Service.

- How do I start it?

By voice recognition with the words "Hello Alexa, I'm leaving the house now" or with similar phrases such as "Alexa, I'm leaving". Direct referencing to contacts is also possible with "Alexa, I'm visiting my mother now. "

- What functions does “Leave Home Safely” have?

When leaving the house or flat, you are reminded to take the most important things with you. This includes, e.g., your mobile phone or your jacket, if the current weather conditions require it. Furthermore, it searches for appointments in your calendar and calculates a route for you on how to get there. It considers ways done by foot or by public transport, taking into account the current traffic situation.

- Will I be constantly monitored by “Leave Home Safely”?

No. “Leave Home Safely” only activates when you directly send it sentences such as “Alexa I'm leaving the house or apartment”. Other conversations or voice entries are not forwarded to the cloud or stored.

- Who can I contact if I have a problem?

Our mobile phone service is available to you around the clock. Just call the number 0173/12985634 and we will take care of your problem as quickly as possible.

- How will I be informed about new functions?

You will be notified of new functions via email or you can find out about them on our website www.leave-home-safely.de. Our mobile phone service will also be happy to help you personally at the number 0173/12985634.

- What new features are planned?

Together with other partners, we are planning to expand this skill by networking it with SmartHome devices to detect open windows, hobs and ovens that have not been switched off.

- Will my relatives benefit, too?

Yes! By knowing that you always leave the house or your flat safely. With the help of this app neither you nor your relatives will have to worry anymore about this.

- How do I uninstall “Leave Home Safely”?

Simply go to your Alexa app, open the skills submenu and click on "Uninstall Skill".
